ELEXICON ENERGY INC.

Application for rates and other charges to be effective January 1, 2021

1 INTRODUCTION AND SUMMARY

This is a Final Rate Order of the Ontario Energy Board (OEB) on an application filed by Elexicon Energy Inc. (Elexicon Energy), for its Veridian Rate Zone (Veridian RZ), under section 78 of the *Ontario Energy Board Act, 1998*, to change its electricity distribution rates as of January 1, 2021. The OEB issued a Decision and Order on December 17, 2020 (Decision) with a draft Tariff of Rates and Charges setting out Elexicon Energy's new rates effective January 1, 2021. The Decision established subsequent procedural steps, including a review by Elexicon Energy, to finalize the new rates.

Elexicon Energy filed a letter with the OEB on December 23, 2020 noting an omission in the Tariff of Rates and Charges, related to Specific Service Charges. Elexicon Energy stated that while the following charges related to reconnections at the customer meter do appear under 'Non-Payment of Account', they do not appear under 'Other':

- Reconnection at meter – during regular hours \$ 65.00
- Reconnection at meter – after regular hours \$ 185.00

Elexicon Energy stated that it is important that these charges appear in both sections, as these rates should be applied in instances of non-payment and in other circumstances not related to non-payment of account, and that the presentation of these charges in both sections is consistent with the past tariff sheets for both Elexicon Energy's Veridian RZ, and its predecessor Veridian Connections Inc.

The OEB has reviewed Elexicon Energy's comments and agrees with the proposed changes. Attached to this Final Rate Order is an updated Tariff of Rates and Charges for the Veridian RZ.

2 RATE ORDER

The OEB has revised the draft Tariff of Rates and Charges originally set out in its December 17, 2020 Decision and Order to address the issues brought forth by Elexicon Energy. The approved Tariff of Rates and Charges is attached as Schedule A to this Final Rate Order.

The new rates approved in this Final Rate Order are to be effective and implemented on January 1, 2021.

THE ONTARIO ENERGY BOARD ORDERS THAT:

1. The Tariff of Rates and Charges set out in Schedule A of this Final Rate Order is effective January 1, 2021 and is to be implemented January 1, 2021. The Tariff of Rates and Charges will apply to electricity consumed or estimated to have been consumed on and after January 1, 2021. Elexicon Energy shall notify its customers of the rate changes no later than the delivery of the first bill reflecting the new rates.
